KPO's contribution in achieving UN SDG targets

SDG targets	Chapter / topic disclosed in the Report
3. Ensure healthy lives and promote well-being for all at all ages	
3.4 By 2030, reduce by one third premature mortality from non-communicable diseases through prevention and treatment and promote mental health and well-being	Occupational health: Disease control in employees, Healthy lifestyle promotion
3.5 Strengthen the prevention and treatment of substance abuse, including narcotic drug abuse and harmful use of alcohol	Occupational health: alcohol test, Prohibition on Use of Alcohol, Drugs, Psychotropic and Toxicomanic Substances (their analogues) in KPO
3.6 By 2020, halve the number of global deaths and injuries from road traffic accidents	Health and safety performance: Road safety
3.8 Achieve universal health coverage, including financial risk protection, access to quality essential health-care services and access to safe, effective, quality and affordable essential medicines and vaccines for all	Occupational health: Health Department response to COVID-19 pandemic, Social 'Aksai Hospital Emergency Capability Upgrade Project', Disease control in employees
3.9 By 2030, substantially reduce the number of deaths and illnesses from hazardous chemicals and air, water and soil pollution and contamination	Asset Integrity, ER management, Safety Practices, Workplace Attestation, Environmental monitoring, Air emissions, Waste management, Water consumption and disposal
4. Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all	
4.3 By 2030, ensure equal access for all women and men to affordable and quality technical, vocational and tertiary education, including university	KPO scholarship programme and partnership with universities, Graduates Development Programme
4.4 By 2030, substantially increase the number of youth and adults who have relevant skills, including technical and vocational skills, for employment, decent jobs and entrepreneurship	Graduates Development Programme
4.5 By 2030, eliminate gender disparities in education and ensure equal access to all levels of education and vocational training for the vulnerable, including persons with disabilities, indigenous peoples and children in vulnerable situations	Local communities: Scholarship Programme for rural school graduates, Case study "Support for local specialists training"
4.a Build and upgrade education facilities that are child, disability and gender sensitive and provide safe, non-violent, inclusive and effective learning environments for all	Supporting social infrastructure: construction of kindergartens, schools, sports complexes within the framework of social infrastructure projects
4.b By 2020, substantially expand globally the number of scholarships available to developing countries, for enrolment in higher education, technical, engineering and scientific programmes*	Local communities: Scholarship Programme for rural school graduates, Case study "Support for local specialists training", KAZENERGY educational grants funded by NCOC and KPO
4.c By 2030, substantially increase the supply of qualified teachers, including through international cooperation for teacher training in developing countries, especially least developed countries and small island developing States	Local communities: Case study "Support for local specialists training"
5. Achieve gender equality and empower all women and girls	
5.1 End all forms of discrimination against all women and girls everywhere	Compensations and benefits, Personnel training and development, KPO Female Network

The text is adapted to the reality of the region of presence

SDG targets	Chapter / topic disclosed in the Report
5.4 Recognize and value unpaid care and domestic work *	Data on Parental and child care leaves at KPO
5.5 Ensure women's full and effective participation and equal opportunities for leadership at all levels of decision-making in political, economic and public life	Number of local and expatriate managers by age and gender, KPO Female Network
6. Ensure availability and sustainable management of water and sanitation for all	
6.3 By 2030, improve water quality by reducing pollution, eliminating dumping and minimizing release of hazardous chemicals and materials, halving the proportion of untreated wastewater and substantially increasing recycling and safe reuse globally	Water consumption and disposal
6.4 By 2030, substantially increase water-use efficiency across all sectors and ensure sustainable withdrawals and supply of freshwater to address water scarcity and substantially reduce the number of people suffering from water scarcity	Re-use of treated and other wastewater
6.6 By 2020, protect and restore water-related ecosystems, including mountains, forests, wetlands, rivers, aquifers and lakes	Biodiversity Conservation
7. Ensure access to affordable, reliable, sustainable and modern energy for all	
7.1 By 2030, ensure universal access to affordable, reliable and modern energy services	Power supply
7.2 By 2030, increase substantially the share of renewable energy in the global energy mix	KPO 365, Obligations imposed by the Law on Support of the Use of Renewable Energy Sources
7.3 By 2030, double the global rate of improvement in energy efficiency	Energy efficiency
8. Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all	
8.1 Sustain per capita economic growth in accordance with national circumstances and, in particular, at least 7 per cent gross domestic product growth per annum in the least developed countries	KPO Indirect economic impact on the region development: Supply chain, Local Content development, Payments to the Republic, Compensations and benefits
8.2 Achieve higher levels of economic productivity through diversification, technological upgrading and innovation, including through a focus on high-value added and labour-intensive sectors	Technologies in drilling, Digitalization and continuous improvement
8.3 Promote development-oriented policies that support productive activities, decent job creation, entrepreneurship, creativity and innovation, and encourage the formalization and growth of micro-, small- and medium-sized enterprises *	Supply chain, Local Content development
8.4 Improve progressively, through 2030, global resource efficiency in consumption and production and endeavour to decouple economic growth from environmental degradation, in accordance with the 10-Year Framework of Programmes on Sustainable Consumption and Production, with developed countries taking the lead	KPO 365, Gas Flaring
8.5 By 2030, achieve full and productive employment and decent work for all women and men, including for young people and persons with disabilities, and equal pay for work of equal value	Compensations and benefits, Industrial Relations
8.6 By 2020, substantially reduce the proportion of youth not in employment, education or training	Graduates Development Programme, Case study "Support for local specialists training"
8.7 Take immediate and effective measures to eradicate forced labour, end modern slavery and human trafficking and secure the prohibition and elimination of the worst forms of child labour, including recruitment and use of child soldiers, and by 2025 end child labour in all its forms	Human Rights, Industrial relations

* The text is adapted to the reality of the region of presence

SDG targets	Chapter / topic disclosed in the Report
8.8 Protect labour rights and promote safe and secure working environments for all workers, including migrant workers, in particular women migrants, and those in precarious employment	Safety Practices, Workplace Attestation, Employee relations, Industrial relations
9. Build resilient infrastructure, promote inclusive and sustainable industrialization and foster innovation	
9.1 Develop quality, reliable, sustainable and resilient infrastructure, including regional and transborder infrastructure, to support economic development and human well-being, with a focus on affordable and equitable access for all	Supporting social infrastructure
9.2 Promote inclusive and sustainable industrialization and, by 2030, significantly raise industry's share of employment and gross domestic product, in line with national circumstances, and double its share in least developed countries	Local Content development
9.3 Increase the access of small-scale industrial and other enterprises, in particular in developing countries, to financial services, including affordable credit, and their integration into value chains and markets	Local Content development
9.4 By 2030, upgrade infrastructure and retrofit industries to make them sustainable, with increased resource-use efficiency and greater adoption of clean and environmentally sound technologies and industrial processes, with all countries taking action in accordance with their respective capabilities	KPO 365, Digitalization and continuous improvement, Digitalization program in Health Department, Obligations imposed by the Law on Support of the Use of Renewable Energy Sources, Environmental Protective Measures Plan
10. Reduce inequality within and among countries	
10.1 By 2030, progressively achieve and sustain income growth of the bottom 40 per cent of the population at a rate higher than the national average	Compensations and benefits, Economic Impact, Industrial relations
10.3 Ensure equal opportunity and reduce inequalities of outcome, including by eliminating discriminatory laws, policies and practices and promoting appropriate legislation, policies and action in this regard	Business conduct, Code of Conduct
10.4 Adopt policies, especially fiscal, wage and social protection policies, and progressively achieve greater equality	Compensations and benefits, Employee relations, Industrial relations, Payments to the Republic
11. Make cities and human settlements inclusive, safe, resilient and sustainable	
11.4 Strengthen efforts to protect and safeguard the world's cultural and natural heritage	Research on preservation of historical and cultural heritage sites, Biodiversity Conservation, Case study "Move of the monument from Berezovka village to Araltal neighbourhood"
11.5 By 2030, significantly reduce the number of deaths and the number of people affected and substantially decrease the direct economic losses relative to global gross domestic product caused by disasters, including water-related disasters, with a focus on protecting the poor and people in vulnerable situations	Asset Integrity and Emergency response management
11.6 By 2030, reduce the adverse per capita environmental impact of cities, including by paying special attention to air quality and municipal and other waste management	Environmental impact
12. Ensure sustainable consumption and production patterns	
12.1 Implement the 10-Year Framework of Programmes on Sustainable Consumption and Production Patterns, all countries taking action, with developed countries taking the lead, taking into account the development and capabilities of developing countries	KPO 365

SDG targets	Chapter / topic disclosed in the Report
12.2 By 2030, achieve the sustainable management and efficient use of natural resources	KPO 365, Environmental Impact
12.4 By 2020, achieve the environmentally sound management of chemicals and all wastes throughout their life cycle, in accordance with agreed international frameworks, and significantly reduce their release to air, water and soil in order to minimize their adverse impacts on human health and the environment	Waste management
12.5 By 2030, substantially reduce waste generation through prevention, reduction, recycling and reuse	Waste management
12.6 Encourage companies, especially large and transnational companies, to adopt sustainable practices and to integrate sustainability information into their reporting cycle	KPO 365, Technologies in drilling, Environmental Impact
12.8 By 2030, ensure that people everywhere have the relevant information and awareness for sustainable development and lifestyles in harmony with nature	Overall KPO Sustainability Report (10th Principle of the KPO Sustainable Development Charter)

13. Take urgent action to combat climate change and its impacts

13.1 Strengthen resilience and adaptive capacity to climate-related hazards and natural disasters in all countries	KPO 365, KPO Green Strategy
13.2 Integrate climate change measures into national policies, strategies and planning	KPO 365, KPO Green Strategy
13.3 Improve education, awareness-raising and human and institutional capacity on climate change mitigation, adaptation, impact reduction and early warning	KPO 365, KPO Green Strategy

15. Protect, restore and promote sustainable use of terrestrial ecosystems, sustainably manage forests, combat desertification, and halt and reverse land degradation and halt biodiversity loss

15.1 By 2020, ensure the conservation, restoration and sustainable use of terrestrial and inland freshwater ecosystems and their services, in particular forests, wetlands, mountains and drylands, in line with obligations under international agreements	Biodiversity Conservation
15.2 By 2020, promote the implementation of sustainable management of all types of forests, halt deforestation, restore degraded forests and substantially increase afforestation and reforestation globally	Project "Organization and improvement of the estimated KOGCF sanitary protection zone"
15.5 Take urgent and significant action to reduce the degradation of natural habitats, halt the loss of biodiversity and, by 2020, protect and prevent the extinction of threatened species	Biodiversity Conservation
15.9 By 2020, integrate ecosystem and biodiversity values into national and local planning, development processes, poverty reduction strategies and accounts	Biodiversity Conservation

16. Promote peaceful and inclusive societies for sustainable development, provide access to justice for all and build effective, accountable and inclusive institutions at all levels

16.1 Significantly reduce all forms of violence and related death rates everywhere	Conflicts and security
16.2 End abuse, exploitation, trafficking and all forms of violence against and torture of children	Business conduct (Human rights)
16.3 Promote the rule of law at the national and international levels and ensure equal access to justice for all	Business conduct
16.5 Substantially reduce corruption and bribery in all their forms	Business conduct

SDG targets	Chapter / topic disclosed in the Report
16.6 Develop effective, accountable and transparent institutions at all levels	Governance structure and management approach
16.7 Ensure responsive, inclusive, participatory and representative decision-making at all levels	Governance structure and management approach
16.10 Ensure public access to information and protect fundamental freedoms, in accordance with national legislation and international agreements	Sustainability Report, Public hearings, Grievance mechanisms
16.b Promote and enforce non-discriminatory laws and policies for sustainable development	KPO Code of Conduct, KPO Business Principles, KPO Sustainable Development Charter, KPO 365
17. Strengthen the means of implementation and revitalize the Global Partnership for Sustainable Development	
17.6 Enhance North-South, South-South and triangular regional and international cooperation on and access to science, technology and innovation and enhance knowledge-sharing on mutually agreed terms, including through improved coordination among existing mechanisms, in particular at the United Nations level, and through a global technology facilitation mechanism	Digitalization and continuous improvement
17.7 Promote the development, transfer, dissemination and diffusion of environmentally sound technologies to developing countries on favourable terms, including on concessional and preferential terms, as mutually agreed	Local Content Development, Obligations imposed by the Law on Support of the Use of Renewable Energy Sources, Best available techniques (BAT) for environmental protection
17.8 Fully operationalize the technology bank and science, technology and innovation capacity-building mechanism for least developed countries by 2017 and enhance the use of enabling technology, in particular information and communications technology	Digitalization and continuous improvement
17.9 Enhance international support for implementing effective and targeted capacity-building in developing countries to support national plans to implement all the Sustainable Development Goals, including through North-South, South-South and triangular cooperation	Local Content development
17.14 Enhance policy coherence for sustainable development	KPO 365
17.16 Enhance the Global Partnership for Sustainable Development, complemented by multi-stakeholder partnerships that mobilize and share knowledge, expertise, technology and financial resources, to support the achievement of the Sustainable Development Goals in all countries, in particular developing countries	Stakeholder engagement, Business partnerships and associations, Uralsk Green Forum
17.17 Encourage and promote effective public, public-private and civil society partnerships, building on the experience and resourcing strategies of partnerships	Supporting social infrastructure, Local Content development, Stakeholder engagement, Business partnerships and associations, Uralsk Green Forum
17.18 By 2020, enhance capacity-building support to developing countries, including for least developed countries and small island developing States, to increase significantly the availability of high-quality, timely and reliable data disaggregated by income, gender, age, race, ethnicity, migratory status, disability, geographic location and other characteristics relevant in national contexts	Our Sustainability metrics
17.19 By 2030, build on existing initiatives to develop measurements of progress on sustainable development that complement gross domestic product, and support statistical capacity-building in developing countries	KPO 365
